

FREEDOM OF INFORMATION ACT 2000

Your request for information has now been considered and the Council's response to your questions is shown below.

You asked:

- The costs of all cancelled projects carried out by the council since January 2010. Please provide yearly breakdowns as well as details of each project.

Please note I am referring to actual costs of these projects, and not the projected costs. I.e. how much was actually spent on a project that was eventually cancelled.

ANSWER

The scope of your request is too large. We would need to consult with each and every team across the council for all the projects they undertook from January 2010 onwards and require managers to further drill down into those projects to establish if they were cancelled and any costs incurred. As we have over 3500 cost centres to investigate you will appreciate that this cannot be completed in the 18 hour timeframe as prescribed by FOIA legislation.

Section 12 of the Act makes provision for public authorities to refuse requests for information where the cost of dealing with them would exceed the appropriate limit, which for local government is set at £450. This represents the estimated cost of one person spending more than 18 hours in determining whether the department holds the information, locating, retrieving and extracting the information.

This is therefore a Refusal Notice under section 17.1 of the Freedom of Information Act, because under the provisions of section 12.1 of the Act, the Council estimates that to comply with your request in its current form will exceed the appropriate limit.

You may wish to refine your request by narrowing its scope by being more specific about what information you particularly wish to obtain, including any dates or period of time relevant to the information required. We do have a duty to advise and assist you in refining your request under s16 of the Act so please do not hesitate to contact us if you need help in refining your request.

The legislation allows you to use the information supplied for your own personal use. Please be aware that any commercial or other use, for example publication, sale, or redistribution may be a breach of copyright under the Copyright, Designs and Patents Act 1988 as amended unless you obtain the copyright holder's prior permission.

Not all the information that is supplied which is covered by copyright will be the Council's copyright, for example it may be the copyright of a government department or another Council. You should seek either the Council's consent or their consent as appropriate. The Council is willing to advise you of any such potential issues on request. In order to make a request to re-use the information please contact the Information Governance Manager using the details below.
