

Freedom of Information Act 2000

Your request for information has now been considered and the Council's response to your questions is shown below.

You asked:

Does your organisation insure with Zurich Municipal via their Select group of policies?

Answer:

No

If yes, does your organisation have an All Risks - Part K policy under the Select group of policies?

Not applicable.

There are 2 versions of this policy in existence. An older document which has been in existence for over 25 yrs and a newer policy which came into existence several years ago. To determine which policy you have it will be necessary to look at the page numbers in the Select Property Module itself. Please note that the all risks policy schedules are not the same thing. You should have a copy of the Select Property Module in your insurance section or have access to a copy which is applicable to the version of the policy you have. The page numbers of where the All Risks Part K policy is contained within the Select Property Module will indicate which policy you have and I have highlighted these in bold to assist you. The questions therefore are:

Is your cover arranged via the older All Risks - Part K policy

No

Is your cover arranged via the newer All Risks policy which has (Part K on page 48 and Part K (a) on page 51 in Select Property Module)

No

Does your organisation have any art galleries or museums which relies on cover via 3 or 4 above?

No

All Councils at one time were covered via the older version of this All Risks - Part K policy. If you are now insured via the newer version in 4 above can you indicate the approx year (2011/2012) that you switched to the newer version. Your insurance section should be aware of this or they can easily find out.

Not applicable.
