

Freedom of Information Act 2000

Your request for information has now been considered and the Council's response to your questions is shown below.

You asked:

I am interested in seeing your detailed modelling of population growth between 2011 and 2031 (if the start and end dates vary slightly, it is not a problem).

Over the same time frame,

I would like to see estimates of growth broken down by age bands 0-19, 20-64, and 65+.

I would like to understand your estimates of student numbers, and their affect on the population over time.

I would like to understand any estimates of in and out migration and its effect on population

I would like to see your latest strategic housing market assessment. (please provide a link)

Answer:

Such detailed modelling of population growth is done as part of the strategic housing market assessment. The 2007/2008 strategic housing market assessment can be found by following the below link. This is the current SHMA published in 2008.
