

Freedom of Information Act 2000

Your request for information has now been considered and the Council's response to your questions is shown below.

You asked:

I would like to receive an up to date project directory of everyone involved in the Highways Services Framework Contract.

ANSWER:

Leicester City Council does not have a "Highways Services Framework Contract". Operations that may be delivered under such a contract are provided by a combination of in-house resources and commercial contractors who are appointed under specific functional contracts. The "up-to-date project directory of everyone involved" that you have requested would run to more than two hundred people in Leicester, Leicestershire and Rutland County Councils which would take us over the 18 hour limit to compile such a list.

Section 12 of the Act makes provision for public authorities to refuse requests for information where the cost of dealing with them would exceed the appropriate limit, which for local government is set at £450. This represents the estimated cost of one person spending more than 18 hours in determining whether the department holds the information, locating, retrieving and extracting the information.

This is therefore a Refusal Notice under section 17.1 of the Freedom of Information Act, because under the provisions of section 12.1 of the Act, the Council estimates that to comply with your request in its current form will exceed the appropriate limit.

You may wish to refine your request by narrowing its scope by being more specific about what information you particularly wish to obtain, including any dates or period of time relevant to the information required. We do have a duty to advise and assist you in refining your request under s16 of the Act, so please don't hesitate to contact us if you need help in refining your request.

Instead, I attach a list of the principal contracts for the Council's Highways and Transportation works and contact details for the lead officer in each case.

The legislation allows you to use the information supplied for your own personal use, or for journalistic purposes. If the information is a dataset (which does not relate to the environment), you may also use the information for commercial re-use under an [Open Government Licence](#).
