You asked:

1. **What data collection / analysis system to you use for road traffic collisions (AKA STATS19)? I refer to the GIS system rather than any bespoke local solutions you may use for internal reporting.**

Response:

We use a computer system called AccsMap that was purchased from Buchanan Computing

2. **How much have you spent on these systems in each of the last 3 financial years? (please show individual amounts)**

There is an annual cost of £1,575 plus VAT to cover the support and maintenance of this system.
