Your request for information has now been considered and the Council's response to your questions is shown below.

### **You asked:**

**Including labour, materials, scaffold hire, replacement of one ground floor window pane, and all on-costs, what are the estimated and actual costs of repairing and painting the wooden sash windows on the front of 23 Gilliver Street?**

The total cost of replacing the pane of glass to ground floor window was £69.28. This includes the admin and on-costs that are added to all work (excluding VAT).

The costs of repairing and painting the timber sash windows at 23 Gilliver Street were £1504.83

**Were estimates obtained to supply and fit replacement timber sash windows (as recommended by the Conservation Officer in relation to planning application 20060620), but with higher thermal efficiency? If so, what were the lowest and highest tender prices?**

Estimates were not obtained to supply and fit replacement timber sash windows.
