

FREEDOM OF INFORMATION ACT 2000

Your request for information has now been considered and the Council's response to your questions is shown below.

You asked:

Please could you tell me how many schools, which are covered by the council, are known - or are believed to - have asbestos in?

For each school, please state the name of the school and state the number of pupils currently attending.

ANSWER:

Asbestos in good condition does not present a hazard to health. We ensure that asbestos in our schools is kept in good condition. Asbestos management surveys have been carried out on all schools within the last 5 years. A list of all schools which have asbestos and the pupil count are detailed in the attached spreadsheet.
