Both sides of Hillary place, new field Avenue and Hallam have had flags put up of the English flag tied to all the lamp posts by climbing up ladders with cable ties and flag masts

28.08

Enquiry details: Hi, there are some illegal flags that have been put up on lampposts on cardinals walk, leicester, LE5 area. Please can you remove these.

Thanks

We have had a few questions into the lighting client box, but this is first request to remove the flags. Is it possible to have a response that we are able to send to residents who ask for these to be removed please?

Proposed response to any of these St George Flag requests/complaints/enquiries is:

“If a flag or graffiti has caused a health and safety issue, then we will take steps to remove it immediately. Otherwise we will be doing so as part of our regular maintenance or repair programmes.”

Thank them for letting us know and then just change the first element to suit whether they’ve told us about a flag or painted roundabout.

If you can respond that would be great, if anything further comes in, I will have to give it some consideration to if we remove them and how.

we had 7 yesterday which was re-directed to cleansing and
1 today

And just got

28.08

Please see the below official response regarding the increase in flag posting around the city:

The City Mayor has approved the following line regarding the flag postings.

“If a flag or graffiti has caused a health and safety issue, then we will take steps to remove it immediately. Otherwise we will be doing so as part of our regular maintenance or repair programmes.”

I'm not sure who the best contact is to notify about graffiti. Perhaps you could either action this - or direct me to the right person.

As you approach the Aylestone Mill Lock Car Park, there is an information map which has been painted over with a St George's Flag. This needs removing.

Thanks

no problem I will pass this on but it might be a while as we are inundated with work at the minute,

Many Thanks
